

Cougar Daily's "The Potty Mouth"

9/26/22 – 10/1/22

Read and learn while you pee and poo

Hey there Coronado, as most of you have probably discovered, homecoming week, while fun and exciting, is also exhausting. Take this time to appreciate getting the proper amount of sleep, eating well balanced and appropriately timed meals, as well as the new memories that you made over this past week. With any luck now though, we can enjoy a perfectly normal and low-key week to just breathe. Just like many of you, your favorite Cougar Daily correspondent is feeling a little bit tired this week, so enjoy this slightly abbreviated edition of your commode chronicle.

A Little Sports Commentary

High School Sports are great. Chances are a good portion of you were at the homecoming football game and have already figured this out. Being under the lights on Friday night and watching your team play creates an environment like no other. However, many of our school's teams find their events to be not so well attended.

The sports schedule you see in every issue of this newsletter isn't just to look pretty (although it does if I do say so myself), it's to make you aware of all the opportunities that you have to go and support your fellow cougars whether it be on the field, the court, or the course. So many athletes put in so much work and then when the time come to show off the fruits of their labors, their crowds consist of parents and coaches. I think we can agree that they deserve better.

Now I'm not saying that there's something wrong with going to football, basketball or volleyball games; they'll never not be amazing. But it would be nice to swing by a tennis match, cheer for your softball team, or see what's going in the world of soccer and cross country. We have an amazing community at Coronado, and let's keep it going by showing each other the maximum level of love and support that we can!

Fun Things Happening in Your Hallways

- Congrats to the Coronado Mountain Bike Team! They finished 7th in the state three weeks ago in Frisco and had four riders finish on the podium last week in Leadville. Ian Hunt and Charlie Zook both have finished in the top 15 out of over 150 riders. Congrats to all of the riders! Four more races in the season. Let's go Cougars!
- Breaking news: chicken crosses road, gains national attention.
- Cross Country Varsity Boys place 2nd in their home meet!
- Mr. Ottmer and Monsieur Trocha absolutely killing it on Adam Sandler Day
