

The Bathroom Sensation That's Sweeping the Nation

Welcome back to school! Here's the first edition of the "Potty Mouth," a publication that is a part of the *Cougar Daily*, a student-driven news source made for students, by students. We're here to share important school information like sports and major events happening at school, and will also include a little entertainment along the way. Here are some articles to start your year!

New Music to Start the New Year!

Many new artists are releasing and announcing new albums in August.

On August 22nd, new and upcoming pop artist Sombr will be fully releasing his new album "I Barely Know Her." You may have heard some of his songs, like "Back to Friends," "12 to 12," and "Undressed," which will be featured on this album.

Also, the alternative metal band Deaftones will be releasing their new album "Private Music" on the same day! Being their first album in 7 years, this is an exciting release.

On August 15th Chance the Rapper released his new album "Star Line" touching on topics from his life like personal growth, love, relationships and figuring out who he is.

On August 13th, Taylor Swift announced that her new album "The Life of a Showgirl" is to be released on October 3rd. Better start formulating your soundtrack for the school year!

Changes to Cougar Kickoff

Wednesday from 5:30 to 7:30 p.m. was the annual Open House and Cougar Kickoff! While the event was similar to what we've had in past years, there were some changes in how both events were run.

Rather than hosting each event on a different night, they were hosted together. There was no longer a specific schedule for which class you and your parents should be in. Instead, students and parents were able to openly go from classroom to classroom and speak to whichever teachers they wanted.

Just like in previous years, the Cougar Kickoff was held in the courtyard and featured food trucks and tables with information about the clubs and sports here at Coronado.
