Trump Signs to Ban Flag Burning

On Monday, August 25, Donald Trump signed an executive order to ban the act of burning the American flag, despite past Supreme Court rulings indicating that the action is protected by the Constitution. According to *AP News*, Trump stated, "You burn a flag, you get one year in jail."

Trump has become concerned about flag burning due to the protests since the election. He explains that "All over the country they're burning flags." Law professor G.S. Hans, from Cornell University, reports that there has been no increase in flag burning, and that this is "a solution in search of a problem."

While the Supreme Court currently states that flag burning is protected by the Constitution, Trump is pursuing a change in the policy to outlaw flag burning.

Senior Parking Spots!

Senior parking spots are back, and about to hit production! This tradition is back, and our seniors are gathering their supplies to start painting on August 27th.

This time three years ago, Ken took it on to provide this opportunity to our seniors to personalize the painting spots and collect supplies. Now it is run by the student council, but we'll always thank Ken for bringing the color back to our parking lot!

Our spots will be done September 30th, but remember - your design needs to be approved by security prior to the painting day. Make sure you get your supplies as soon as possible, and enjoy painting!
