

# Cougar Daily's "The Potty Mouth" 9/11-9/17

## The Bathroom Sensation That's Sweeping the Nation

Hey Cougars! It is time again for the "Potty Mouth." This year the *Cougar Daily* is doing two versions of the "Potty Mouth" so keep an eye out for the other version for more student-driven news.

The Coronado Media Center has new books this year! The Library adds at least eight new books to their collection each month. The newest books can be found on the teal cart in the front of the library. If none of those are your type, you can check out the older books in the rest of the library.

Want to add a book to the shelves? Students may request books to add to the library by writing down the title and author and putting it in the suggestion box on the library's front desk.

The Media Center also looks at the amount of times a book is checked out to see which novels to add. The Media Center can be found in room 222, across from Mr. Edens's history classroom. Happy reading Cougars!

### Remembering 9/11

On September 11, 2001 three planes were hijacked by Islamic jihadists. The World Trade Center in New York was the first to be hit by planes. Later that morning, the pentagon was also hit. The last plane, Flight 93, was crashed into the ground by civilians to stop the hijackers.

The events of that day sparked "The War on Terror" which ended in 2021. The Department of Homeland Security was added because of that day.

According to the *Pew research Center* "the terrorist attacks of Sept. 11, 2001, left nearly 3,000 people dead in New York City, Washington, D.C., and Shanksville, Pennsylvania." It should also be noted that only 18 survivors were pulled from the wreckage of the Trade Center. Twenty-four years later we still remember 9/11 and all the people who worked tirelessly to try and save others.
