Cougars Care's Clothing Exchange

Coronado High School's Cougars Care hosts an event called the "Clothing Exchange" where students will be able to "shop" for clothing donated by others. If you'd like to donate, it's not too late! The event will be hosted on Monday, September 29th in the Auditorium by volunteers and staff.

Social Studies/Cougars Care Teacher Jeffrey Ziser, when asked about his hopes and expectations for his first clothing drive with Cougars Care, said, "students use this as an opportunity to think about their families and use this opportunity to serve their household and community."

The Cougars Care team and community are excited about their progress and hope to continue their efforts in making a positive difference to those in need.

New stadium for the Denver Broncos!?

The Denver Broncos announced they will be building a brand-new, state-of-the-art stadium with the historic Burnham Yard being the preferred site.

Leaders of the project have emphasized the importance of community involvement. The stadium won't just be for football; it will host local events, student programs, and concerts. The goal is for it not to be just the Denver Broncos home field, but a place for the entire Denver community.

While construction details and timelines are being finalized, Broncos fans across Colorado are already looking forward to the next chapter for the team. Whether you're cheering for the orange and blue on Sundays or attending a concert, the future stadium will be a place full of excitement and energy.

Stay tuned for more updates as the Denver Broncos move forward with their stadium plans, as the state has waited 24 years for a new stadium!
